5. Procedure

5.1. Customer registration

The new client will be registered from the Sales department following these steps:

STAGE	RESPONSIBLE	RECORD
Request for registration documents. Once the designated staff member has contacted the client, they will send the form in Annex 1. They will send it to the potential client using the format they prefer, for example, email.	Sales	Annex 1
Reception of documents. Once the client submits the completed form, the staff receiving the documentation must compare and review it.	Sales	Annex 1 completed.
Customer registration. With the documentation correctly and duly completed, the sales staff will register the customer in the system and automatically assign them a consecutive number . Annex 1 can be attached to the electronic system for archiving.	Sales	N/A

The client will be accepted when the following is available:

- Annex 1 completed
- Hospitals and clinics: a copy of the Pharmacy Unit authorization must be available. If it is a clinic or hospital, this must be verified in the Ministry of Health's National Hospital Catalog. If it does not appear in the previous registry, it must be verified in the Registry of Health Centers (https://regcess.mscbs.es/regcessWeb/inicioBuscarCentrosAction.do).

5.1.1. Client Updates and Maintenance

Sales staff will be able to receive customer feedback and update any required registration documents. This process is vital because up-to-date information is essential in the event of a recall.

5.1.2. System feedback

In relation to system feedback in order to improve the quality of products and the service provided, SPIKA makes available to customers through the web portal the possibility of transmitting complaints, see more details in PNT-007 Complaints Management and it is SPIKA's job to measure customer satisfaction, through PNT-009 Customer Satisfaction Measure .

5.2. Order placement

Orders will be placed from the Sales department by following these steps:

No.	STAGE	RESPONSIBLE
1	Receiving the order request : Sales staff receives the sales request for the product via email, phone call, or from the customer.	Sales
2	Order planning : Sales informs the Management of the possible sale request , and creates a detailed report of prices, payment method, warranty and	Sales / Management
